## NEWSLETTER

1st September 2013

I am presenting 2 workshops this Spring  
Beginners and Garden Art  
26th-28th October and 2nd-4th November from  
8.30-5.00pm

Email me for a brochure

Come and join me, learning is more fun  
together

Use all that broken crockery or just learn a  
new skill

I keep a bucket by my letter box for anyone  
to off load any broken or unwanted crockery,  
vases or tiles. I am happy to look at anything  
you have.

Learn how to make mosaics for  
your kitchen, bathroom and table.

Use tiles, broken china, found items, buttons,  
the handle off your broken mug and buttons.  
Really anything you would like to include we  
can try. Make yourself or a friend something  
special.

### Shop Hours

10 - 16.00 Wednesday - Sunday

## Mosaic Book Library

I have a large selection of books which I am quite happy for you to browse at my workshop or borrow at a small cost.

**Book Deposit \$30.00**

Deposit will be refunded on return

**\$1.00 per day or**

**\$5.00 per week**

I have tools for sale or hire.

Especially those large items which are expensive, and not used a lot.

### Tessera or tile manufacture

There are several technics for cutting your tessera. I can show you how to cut tessera depending on your material.

Tiles and crockery can be cut successfully with hand tile cutters and nibblers. However if you are cutting tessera from old bricks or specially made clay strips then different tools and technics are needed.

Come and learn these technics.

### Outside Mosaics

Mosaics have been outside for thousands of years.

However if you want to have your mosaics outside like the picture below then you need to learn the technics.

The kids love playing tic tac toe outside.  
I have several board games outside.
